

HUBBELL DAM EXPANSION

ABOUT THE PROJECT

The Albuquerque Metropolitan Arroyo Flood Control Authority (AMAFCA) is proposing an expansion to the existing Hubbell Dam to improve flood control capacity for the greater Albuquerque area.

The existing facility is adjacent to the City of Albuquerque (COA) Hubbell Oxbow Open Space; therefore, the project is being done in coordination with the COA Open Space Division.

TAKE THE PROJECT SURVEY

We want to hear from you about public access and proposed amenities at the site. Please take our survey!
