

Foundation Certificate

Purpose:

The purpose of this certificate is to provide foundation information necessary to ensure compliance with an approved grading and drainage plan associated with an Albuquerque Metropolitan Arroyo Flood Control Authority (AMA FCA) easement or right-of-way.

Instructions:

This certificate is to be completed prior to the placement of the foundation

This certificate is to be completed by a land surveyor who is authorized by law in New Mexico to certify elevation information when required. The property owner/owner's representative should complete Section 1 and Section 2. Section 3 and 4 should be completed by a land surveyor. The land surveyor should verify the information provided by the property owner/owner's representative in Section 1 and 2 to ensure that this certificate is complete. This certificate does not waive the flood insurance purchase requirement and is used only to certify building elevations.
